

International Marine Medical InsuranceSM

S E R I E S

A worldwide benefits program designed for groups of two or more professional marine captains and crew members

Understanding your market. Exceeding your expectations.

It's rare to find an insurance provider that offers flexible, specialized products and associated services for the marine industry. Even rarer is to find a company with the dedication, resources, and ability to professionally administer medical care benefits and deliver claims cost containment on a global basis. However, at IMG® (International Medical Group®), we understand the unique needs of marine crew professionals. In fact, we have an entire marine division dedicated to it. Since 1990, our team has provided specialized insurance programs for captains, officers, and crew members. One such program is the International Marine Medical InsuranceSM (IMMI) plan. This customizable plan offers medical coverage to groups of two or more marine crew professionals who live and work aboard ocean going vessels. The IMMI program, coupled with

our expertise in marine claims, medical management, and international assistance services, will help you and your crew members properly prepare for injury or illness that occurs while on assignment.

With IMG, you will rest assured knowing that we have a dedicated department working to keep your insurance as affordable as possible. The costs of health care are rising, but we are committed to controlling those costs. You need the proper worldwide coverage, provided by a company that's there for you when you need us most. When you select International Marine Medical InsuranceSM, you receive IMG's promise to deliver exceptional medical benefits, medical assistance, and service—all designed to give you Global Peace of Mind®.

Plan Highlights

- » **Customizable Solutions** IMG offers the flexibility to customize benefits and is available in \$US or €EUR. Please contact your insurance producer for more information, and we will work closely with you to design a benefits package that meets your unique needs.
- » **International Care Management** Our experienced medical management team can help coordinate care for your members who have highly complex cases requiring detailed management. These services may include assisting with:
 - Concurrent review and monitoring of services for medical necessity
 - Coordination of the hospitalization and any necessary post-discharge care
- » **Medical Travel Management** Giving the member who is contemplating non-emergency medical treatment in the United States the opportunity to be financially compensated for having that care rendered by a qualified medical provider(s) outside of the U.S. Following evaluation, a case manager will assist the member in identifying a qualified medical provider to provide the specified care. Upon approval, the case manager will coordinate the necessary services including patient care, travel, scheduling, and housing. When treatment is received outside of the U.S. and there is cost savings greater than \$10,000 to the plan, the member will personally share in any cost savings that are realized.

MyIMGSM Member Portal

It's easy to access and manage your IMG accounts any time, from anywhere and any device, via MyIMG.

MyIMG features include:

- » **Claims** submission and management
- » **ID Card and insurance documents** access
